

18 MAY 2023

COMMUNITY ENGAGEMENT - LAXEY COMMUNITY HALL

The Community of LaxeY was invited to participate in an engagement facilitated by Kumba Iron Ore Sishe Mine as part of reaching out to their stakeholders specifically the Municipality and the communities to establish good relationship.

However, this good relationship can only be achieved by constant engagements, understanding and managing the Socio-Economic impacts on communities and stakeholders.

Hence it is of utmost importance that such engagements sessions are held which affords the communities to gain insights on the mine and its offerings.

18 MAY 2023

Presentations tabled at this gathering today included the following:-

- 1. Community health services**
- 2. Education**
- 3. Small business opportunities**
